Osteoporosis/Bone Health Pain  
Pain Relief  
Parkinson's Disease  
PMS  
Spinal Cord Injuries  
Strokes and TBI (Traumatic Brain Injury)  
Thyroid Disease

## Ingredients

500mg CBD Oil, 500mg FECO, MCT Oil (One 10ml bottle contains 200 drops - 5mg per drop)

Cannabidiol (CBD) is a chemical in the Cannabis sativa plant, also known as cannabis or hemp. CBD oil uses the stalks, leaves, and flowers of the hemp plant in its production. CBD does not contain tetrahydrocannabinol (THC). CBD has B-complex vitamins including Vitamin B6, B12, riboflavin, niacin, iron, and thiamine.

MCT oil is a supplement made from a type of fat called Medium-Chain Triglycerides. MCT molecules are smaller than those in most of the fats you eat (long-chain triglycerides [LCT]). This makes them easier to digest. You can absorb MCT in your bloodstream quickly. MCT oil is usually made from coconut or palm kernel oil as both contains MCT.

FECO (Full Extract Canna Oil) is the highest concentration of essential oil from the Cannabis plants that provides one of the broadest spectrum of cannabinoids available. FECO contains no tetrahydrocannabinol (THC).
