Nausea  
Neurodegeneration  
Obesity  
OCD  
Rheumatic Diseases  
Schizophrenia  
Sickle Cell Anemia  
Skin Conditions Including Eczema and Psoriasis  
Stress

## Ingredients

1000mg CBD Oil, MCT Oil (One 10ml bottle contains 200 drops  
- 5mg per drop), For patients requiring **no \*FECO**

Cannabidiol (CBD) is a chemical in the Cannabis sativa plant, also known as cannabis or hemp. CBD oil uses the stalks, leaves, and flowers of the hemp plant in its production. CBD does ***not*** contain ***tetrahydrocannabinol (THC)***. CBD has B-complex vitamins including Vitamin B6, B12, riboflavin, niacin, iron, and thiamine.

MCT oil is a supplement made from a type of fat called Medium-Chain Triglycerides. MCT molecules are smaller than those in most of the fats you eat (long-chain triglycerides [LCT]). This makes them easier to digest. You can absorb MCT in your bloodstream quickly. MCT oil is usually made from coconut or palm kernel oil as both contains MCT.

\*FECO (Full Extract Canna Oil) is the highest concentration of essential oil from the Cannabis plants that provides one of the broadest spectrum of cannabinoids available. FECO contains ***no tetrahydrocannabinol (THC)***.
